Premier Announces Convention With Turkey

Berlin Confident that Rumania and Greece Will Not Interfere.

London, Thursday, Sept. 23-M. Radoslavoff, the Bulgarian premier, has announced to his supporters the signing of a convention with Turkey for the future maintenance of arined neutrality on the part of Bulgaria, says the London Times correspond ent at Sofia in a dispatch printed this

London, Thursday, Sept. 23-Bulgaria's mobilization, a move that may solve the riddle of the Balkans, has struck London with dramatic suddenness, and it is realized that this warlike step, coinciding with the setting in operation of the long-pending Austro-German campaign to force : way through the Balkans to the aid of Turkey has opened up a grave situation in the near east.

The confident expectations of Berlin and Vienna that Rumania and Greece will remain neutral may not, it is beginning to be feared, be alto gether misplaced in view of the seem ing success of Teuton diplomacy in winning over Bulgaria from her

policy of vacillation. The Bulgarian minister, M. Mis cheff, was advised by telegraph yesterday of his government's mobiliza tion order. Asked wether Bulgaria intended to join with the central pow ers, M. Mischeff replied emphatically "Certainly not." He said he had no further information, and declared that Bulgaria was adopting the same precautionary methods as already ad been taken by Switzerland and Holland.

All Bulgarian subjects of militar; age wherever domiciled in Europe have been ordered to return to Bulgaria.

#### PURCHASE SCALE PLANT

Howe Scale Works Will Add to Their

Rutland Industry. Rutland Sept. 22.—The Howe Scale company of this city has purchased he business of the Springfield, Ohlo, Scale company from the Wintersoleman company, manufacturers of the Sonander automatic grain scale, The Rutland concern will take over all the machinery and patents of the Springfield company, two carloads of sians has proved unsuccessful. paraphernalia being now en route to this city. The Howe Scale company already have an automatic department, but they make scales of small capacity only. The grain scale is designed to measure and weigh materi al loaded into cars from elevators, although smaller types are made. The entire floor of the Howe Scale company's new building, 100 by 40 feet, will be devoted to the new department. The force of employes will be

increased substantially. Ex-Gov. John A. Mead, president of the Howe Scale company, does not believe the booms incident to war orders are healthy for an industry. He said today: "The general business of the Howe Scale company is good and the volume is much greater than a year ago. We have tried to push our regular lines and have not sough orders for articles foreign to the scale business, believing that any boom which might result from manu facture of war material would be more than overbalanced by the slump which is bound to come at the close of the conflict in Europe."

#### SING SING SEARCHED

Knives, Files and Hammers Found in Cells but No Guns.

Ossining, N. Y., Sept. 20 .- A search of Sing Sing prison inaugurated yesterday by William A. Orr, private sec retary to Governor Whitman ended oday after the searchers had found knives, files, hammers and money in small amounts in several cells.

The search resulted from a letter wrtten by a convict to Governor Whitman in which it was said that six revolvers and three boxes of cartridges had been hidden in a certain cell. Mr. Orr interviewed the writer of the letter who said he had been the revolvers and cartridges, but search of the cell and others near it did not bring them to light.

TURN ON PURSUERS

Petrograd Claims They Have Inflicted Heavy Losses on Austro-

Germans.

Berlin, via London, Sept. 23.-German troops closing in on Dvinsk from the west have penetrated the Russian advance line, taking over 2000 prisoners, according to the announcement of the war office today.

London, Sept. 22-The developments in Bulgaria have thrown into comparative obscurity the continued Russian retreat from Vilna, but this retreat is being conducted with considerable success, according to Petrograd official reports.

Turning on their pursuers at various noints along the line the Rus sians have inflicted serious losses and driven the Germans back. In the northern tip of the Polish front, near Friedrichstadt, the Russians have asumed the offensive.

In mid-Poland the Germans claim propress throughout mid-poland as far as Ostrow, which they have captured The greatest number of prison re taken at any point, however, did not exceed 2,000, which would seem to indicate that the attempt to complete the coils around the retreating Rus-

#### HIS HARD TASK.

It Wearied Him, and Yet We All Face the Same Problems.

A friend once asked an aged man what caused him to complain so often at eventide of pain and weariness. "Alas," replied he, "I have every day so much to do. I have two falcons to tame, two hares to keep from running away, two hawks to manage, a serpent to confine, a lion to chain and a sick man to tend and walt upon." "Well, well," commented his friend, "you are busy indeed! But I didn't

know that you had anything to do with a menagerie. How, then, do you "Why," continued the old man, "listen. Two falcons are my eyes, which I must guard diligently; the two hares are my feet, which I must keep from walking in the ways of sin; the two hawks are my hands, which I must train to work that I may provide for myself and those dependent on me as well as for a needy friend occasionally; the serpent is my tongue, which I must keep ever bridled lest it speak unseemly; the lion is my heart, with which I have a continual fight lest evil things come out of it, and the sick

Traps or Pitfalls. Perhaps you have often wondered about the searcity of giraffes in pubtic zoos. The reason that only a very few menageries can boast of this ex hibit is on account of the difficulty in capturing and transporting them.

The long legged and long necked ani mnl, keen of eye and nose and ear, one see, smell and hear a hunter miles away Hunters cannot employ trapand pitfalls against him. His fragile legs would be crushed in a trap, and both his legs and neck would be bro-

ken in a pitfall. There is only one way to capture a giraffe alive. He must be surrounded and chased until from sheer weariness he staggers helpless into a bamboo in

closure. Peril lies in shipping the giraffe for his voyage on the sea. The giraffe's legs break very easily. If he slips the fragile underpinning's double under him and snap. In transferring the animal from shore to ship his long, helpless neck may become tangled in the tackle or strike a spar, mast or shroud. in which event it's all over with Mr.

9000 People Attend Opening Day Will Not Act Until Word is Receivof Valley Fair

Excellent Vaudeville Acts-Village Has Its First Carnival Experience.

Brattleboro, Sept. 22.-The biggest first day crowd in the history of the today and a steady stream entered the gates up to as late as two o'clock. It was estimated that there were 9,000 on the grounds when the races started. The necessity for postponing the opening day of the fair from yesterday because of the heavy rain undoubtedly had something to do with the unusual size of the crowd, but it is not expected to interfere very much with the usual big attend ance on the second day, which will

come tomorrow. The heavy wind of last night dried the track and grounds nicely. Sever al minor accidents during the morning were cared for in the hospital tent on the grounds, and the company boys in their cook tent warmed milk for babies left in charge of caretakers on the playground in the grove. The vandeville acts were of

This evening the principal streets of the town were ablaze with light and color at the first night carnival ever had in Brattleboro.

ANOTHER FRYE NOTE Germany Admits Responsibility But Not Treaty Violation.

Washington, Sept. 23.-Germany admits responsibility in a note relative to the sinking of the schooner William P. Frye and made public by the state department this afternoon. The note names experts to fix the amount of damage in the loss of the treaty conditions were violated in the destruction of the schooner and cargo. It suggests that settlement of the latter point be referred to the Hague tribunal.

IN FINE CONDITION PASS ASKED FOR MME. DUMBA

Ambassador's Wife Will Return to Austria to Work in the Hospitals.

Washington, Sept. 22-Dr. Dumba, the Austro-Hungarian ambassador, whose recall was requested because he participated in a scheme to tie up munition plants, has written to an official of the state department expressing his desire to sail for Europe on Sept. 28 and asking that safe conduct be arranged for his passage through the British and French lines

into Germany. Dr. Dumba's request is being ignored, and no action will be taken in the direction of obtaining safe conduct for him until the Austrian government has replied to Secretary Lansing's note which requested the recal! of the ambassador. The letter from Dr. Dumba was sent from Lenox and it is understood, was addressed to William Phillips, Third Assistant Secretary of State. It was not addressed to the secretary of state but must be regarded as an official communication because no action could be taken on it except in an official

State Department officials expect within a few days to receive the response of the Vienna government to the note requesting the recall of Dr. Dumba, Ambassador Penfield has in dicated that he expected to receive the repuly within a few days. Officially the state department knows nothing of the attitude of the Austro-Hungarian government but the unofficial impression of officials, based on the Vienna government, is that the Vienna government will either recall Dr. Dumba or comply with his re-Frye but does not concede that any quest that he be recalled on a permanent leave of absence. Until Austro-Hungarian government Tesponds to the request for the Ambassador's recall, it is understood. The state department will not seek to obtain from the British and French governments a safe conduct to enable the retiring ambassador to pass through the lines. The state department, however, permitted it to become known today that it had taken steps to obtain a safe conduct for Mme Dumba. She saked for this so she might sail on the steamship Rotterdam from New York on Sept 28. Acting Secretary of State Polk has communicated with the British and French ambassadors requesting them to obtain a safe conduct for Mme. Dumba, and the request will, it is be-Heved, be complied with by these governments.
